1. Introduction.

The main text of the paper should be with font Times New Roman, 12 pt, Justified, Indentation: First line: 1cm. **The pages should not be numbered**. Number of pages – no more than 10 pages in total (incl. the title page, the main text with figures and tables, used literature).
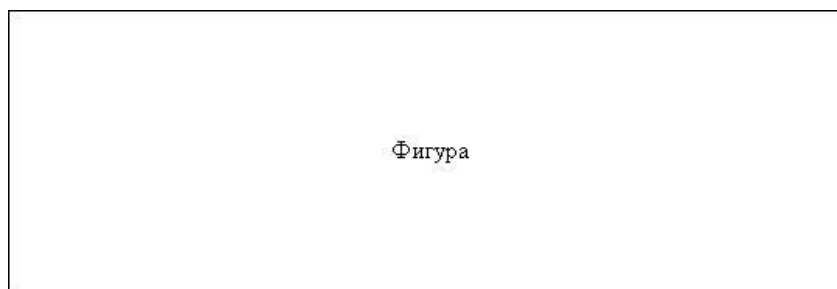

2. Section of the paper.

The main text of the paper should be with font Times New Roman, 12 pt, Justified, Indentation: First line: 1cm. There should be one blank line left prior to the title of each section.

All the figures should be inserted on a separate line as a part of the text **(Format Picture →Layout → In line with text)**. The figures and their titles should be centred, while before and after them there should be one blank line left. The minimum resolution of the figures: 200dpi. The tables should be centred as the figures are, while leaving one blank lines above and below them. The font of the data in the tables should be within the range of 8-12pt. The titles of the figures and the tables should be in Italic (Times New Roman, 12 pt, Italic, Centered, Indentation: None). The titles of the figures shall be written below the figure, while the titles of the tables – above the table. Examples for the layout of a figure and a table:

Fig. 1. Title of the figure

Table 1. Title of the table

The references to the figures and tables in the main text should look like that: *Fig. 1, Table 1*. All the external references should be in square brackets.

The automatic standard dashes or full stops shall be used for any non-numbered lists:

– the settings for the non-numbered lists are: Bullet position -> Indent at: 1 cm, Text position -> Tab space after: 1,5 cm, Indent at: 1,5 cm;

• the settings for the non-numbered lists are: Bullet position -> Indent at: 1 cm, Text position -> Tab space after: 1,5 cm, Indent at: 1,5 cm.

Please, send your paper to: arcive@vfu.bg in a .DOCX MS Word format. In case of a failure to keep the deadline for submission of the full text of the paper, or with non-compliance with its layout requirements, **the paper will not be published**. We would recommend that you draw up you paper directly in the present template file, which is made according to the requirements.

2.1. Sub-section of the paper. (Times New Roman 12pt, Bold, Justified, Indentation: First line: 1cm, **not using any automatic page numbering**).

The main text of the paper should be with font Times New Roman, 12 pt, Justified, Indentation: First line: 1cm. There should be one blank line left prior to the title of each sub-section.

The numbering of the formulas should be at the end of the line, while using alignment right, tabulation of position 17cm. Format -> Tabs -> Tab stop position: 17cm, Alignment: Right. Example:

$$c = \sqrt{a^2 + b^2} \tag{1}$$

Formulas are allowed to be centered and unnumbered. Example:

$$c = \sqrt{a^2 + b^2}$$

Any literature cited in the text shall be marked with numbers in square brackets. The literature indicated at the end of the paper should be written down according to the bibliography description standard. There should be two blank lines left prior to the literature, and one – after it.
